### THE SAVE LOUISIANA COALITION

#### \*\*\*\*\* PETITION STATEMENT \*\*\*\*\*

Support the Political People that support you!

We, the undersigned, adamantly, object to ALL new Mississippi River diversions currently proposed in the Louisiana 2012 Coastal Master Plan and support that ALL existing river diversion structures be regulated by salinity control voted on by the existing River Diversion Councils in such a way as to be beneficial to the fisheries', coastal communities and landowner interests. We SUPPORT large scale, cost efficient, sediment dredging and pipeline delivery, marsh creation and barrier island restoration projects, elevation funding for coastal residents outside of hurricane protection levy systems, historic ridge creation, levy systems for Coastal Communities, shoreline protection, restoration of historical oyster reefs, and other projects in the Louisiana 2012 Master Plan fully supported by the residents of our Coastal Communities and STRONGLY SUPPORT that they be constructed in the most cost efficient manner. We ask that the Louisiana Legislature and Governor Bobby Jindal act on making these necessary changes to the Louisiana Coastal Master Plan.

**\*\*\*\*\* PETITION STATEMENT \*\*\*\*\***

**Support the Political People that support you!**

We, the undersigned, adamantly, object to ALL new Mississippi River diversions currently proposed in the Louisiana 2012 Coastal Master Plan and support that ALL existing river diversion structures be regulated by salinity control voted on by the existing River Diversion Councils in such a way as to be beneficial to the fisheries', coastal communities and landowner interests. We SUPPORT large scale, cost efficient, sediment dredging and pipeline delivery, marsh creation and barrier island restoration projects, elevation funding for coastal residents outside of hurricane protection levy systems, historic ridge creation, levy systems for Coastal Communities, shoreline protection, restoration of historical oyster reefs, and other projects in the Louisiana 2012 Master Plan fully supported by the residents of our Coastal Communities and STRONGLY SUPPORT that they be constructed in the most cost efficient manner. We ask that the Louisiana Legislature and Governor Bobby Jindal act on making these necessary changes to the Louisiana Coastal Master Plan.
