Save Louisiana Coalition's

2nd Annual

"Battle for the Bayou Bash" Fundraiser & Silent Auction

Frederick J. Sigur Civic Center

Saturday, September 6, 2014 6:00PM – 10:00PM

The Save Louisiana Coalition would like your help making our 2nd annual "Battle for the Bayou Bash" an even bigger success than the first! There will be live entertainment, Louisiana seafood, silent auctions, and much more. The proceeds from the event will help in the Save Louisiana Coalition's efforts to support the responsible restoration of coastal Louisiana while protecting our heritage, culture, and the seafood industry that so many in our community rely on. The event will feature live music from **Harvey Jesus & Fire!**

In the short time since the founding of the SLC, it is amazing how far we have come. This organization was started because the large-scale river diversions in the state's Master Plan threatened the livelihood and heritage that southern Louisiana prides itself on, and so for the first time in history representatives from every sector of the seafood industry have joined together to find a better way to restore our coast. We are not compensated in any way for our efforts, except for the satisfaction of knowing that when we are successful our children and grandchildren will be able to enjoy everything that Louisiana's coast and estuaries have to offer just as we do. We have been working tirelessly to stop the forces that are threatening our way of life, and the support from people like you motivates us to fight even harder. Because of donations like yours, we are inspired and encouraged to continue to work hard to protect our homes and livelihoods. Since that time, the SLC has made tremendous strides in working toward that goal.

Thanks to the support of our members we have been able to educate and inform thousands of people on the threats that large scale diversions pose to our coastal communities. We have also been able to show the citizens of our coastal communities that this is not just a fisheries issue, the loss of our seafood industry will snowball throughout their parish's economy and some citizens will even be forced to leave their homes. The SLC does not believe this is an acceptable outcome, and will continue to fight for a solution that doesn't sacrifice our communities.

As we move forward, the SLC would like you to know that now that our concerns have been recognized by many agencies, legislators, and government officials, we will continue to push forward until a solution is found. We are proud that you have put your trust in us to represent our industries and way of life, and we will be the voice that our coastal communities have been lacking for far too long.

Please consider becoming an event sponsor or donating to our silent auction!
